You know, IQs don't actually have that great a track record for racking up the kills. At the very least it should have been published as two different novels - I don't really see much of a connection between the first half and the second half. So of course Latinos will help shape the future of America because you are the future of America. I think it goes without saying that these meanings are very different. I enjoyed the storyline as a whole, but what kept the pages turning was the unwelcome guest gaining access to Melanie's house and turning things on to let her know someone had been .
